

Monbulk Marlins Swimming Club

Masters Information and Registration Form 2025

Welcome to the Monbulk Marlins Masters - a family friendly and supportive club where swimmers of all ages and abilities have fun, get fit and improve their swimming technique. Our qualified coaches guide all swimmers from those looking for exercise and improving fitness through to those wanting a competitive edge.

The motto of Masters Swimming is Fitness, Friendship and Fun and at the Marlins we try to embody these ideas at every training session. You don't have to be a superstar to join our masters swimming squad, our main goal is to be inclusive of swimmers of all levels and tailor our coaching to help you meet your goals.

Every swimmer must be a current financial member of our club and Masters Swimming Victoria before swimming.

Membership is open to people who are 18 years or older. An individual who has attained the age of 18 can join our Masters Club to train for fitness and skill development and if you wish you can also compete in club, branch and national masters events however the minimum age for competing at masters level is 25.

Training Schedule

The masters squad will receive swim instruction via a combination of online swim sets that can be used by members during their personal swimming sessions and one in-person coaching session weekly.

The coach provides members with three sets each week that focus on technique development, fitness and endurance. The major focus of the weekly online sets is based on skills developed in the in-person class. These three sets are published on the private Facebook page for masters members and on the masters page of our website. Access to these will be provided to you upon joining.

The in-person training sessions are held at Monbulk Aquatic Centre and consist 1.5 hours of swimming under the guidance of our coach. Swimmers are encouraged to arrive at the pool prior to the session to complete their own warm-up. During the swimming set, skills and technique will be developed, based around the weekly goals. During this session, swimmers will be pushed in terms of their endurance and fitness.

These sessions are held on Wednesdays from 7 – 8.30pm
